

## **M. Tech. Project 2011**

M.Tech (CSE) thesis completed in June, 2011 ( Dept. of CSE, Kalyani Univ. )

- Filtering and Optimization: Application to Random Valued Impulses in Digital Images.

by  
Somnath Mukhopadhyay

- Data Compression using Arithmetic Coding with sorted probability-based range allocation.

by  
Tamal Deb

- Towards Design and Implementation of Neural Network Guided Secured Communication Techniques.

by  
Arindam Sarkar

---

M.Tech (IT) thesis completed in June, 2011 ( A. K. C. School of Information Technology, Univ. of Calcutta )

- Design and Implementation of Visual Cryptographic Protocols Using Transform Based Encoding Embedded into Meaningful Shares.

by  
Subhankar Ghatak
